- V. Rationale for Action Taken.** The Board is increasing the number of Class B shares that may be offered in connection with an approved market maker program for the Value Line stock index futures contract in order to provide more flexibility in negotiating the terms of such agreements. The exchange Executive Committee shall review and approve any such agreement.

Any questions regarding this submission should be directed to the undersigned at 816-753-7500.

Sincerely,

Jeff C. Borchardt
